Flibco's Luxembourg – Charleroi Airport Line Sees Strong Growth and Expands Capacity

Flibco’s direct shuttle connection between Luxembourg and Charleroi Airport continues to deliver strong results, reflecting the growing appetite of Luxembourg residents for convenient, stress-free airport transfer solutions. Since the relaunch of the line at the end of 2023, passenger numbers have grown consistently year on year — a performance that speaks to the trust travellers place in this direct connection. Flibco now serves more than 2.7 million passengers to and from Charleroi Airport annually across its Belgian network, underlining the airport’s position as a major gateway for the region.

To accommodate increasing demand on the Luxembourg route, Flibco will increase seat capacity by 11% in 2026. This expansion is designed to offer even greater flexibility and availability, particularly during peak travel periods, and confirms the line’s status as a key mobility solution for residents seeking a seamless connection to one of Europe’s most dynamic low-cost airports.

Charleroi Airport stands out for the sheer breadth of its route network, offering access to 63 direct flight destinations not available from Luxembourg, making it a uniquely attractive departure point for both
leisure and business travellers. From city breaks to sun-soaked escapes, the airport opens doors to destinations including Istanbul, Pisa, Turin, Verona, Paphos (Cyprus), Reus, Carcassonne, Perpignan, Béziers, Nîmes, and many more — all reachable via Flibco’s direct, comfortable shuttle from Luxembourg.

Line highlights for Luxembourg passengers:
