A new CEO for AManco, the investment fund manager within Arendt

Arendt Investor Services is pleased to announce that Enrique Bouillot Montero has been appointed the new Chief Executive Officer of AManco. Enrique brings over 20 years of international experience in asset management, risk, oversight and team leadership in Europe and Asia.

Prior to joining AManco, Enrique held senior executive roles at a Luxembourg-based asset management firm, where he served as Conducting Officer and Chief Risk & Oversight Officer. In this capacity, he developed and led the management company services with multidisciplinary teams across several areas of expertise, notably risk management, investment fund compliance, valuation and oversight of delegated investment managers. He also contributed to group-level governance and was an active participant in industry working groups.

Enrique's earlier career included various positions in global asset management and financial institutions, where he was involved in operational risk, regulatory compliance, governance, fund oversight and cross-border initiatives.

A graduate of ICHEC Brussels Management School in Commercial and Financial Sciences, Enrique furthered his executive education at IMD and then INSEAD, where he completed the Advanced Management Programme in 2023.

He takes over from Gaëlle Schneider, who has been appointed Partner in the Investment Management practice of Arendt & Medernach, after having successfully overseen the launch and development of AManco since its creation in 2020.

"We are thrilled to welcome Enrique to AManco. His deep expertise, entrepreneurship and business acumen will be instrumental in driving our next phase of growth and innovation," said Christian Heinen, CEO of Arendt Investor Services.

"I am honoured to join AManco at such a pivotal moment. The company's commitment to innovation and excellence aligns perfectly with market expectations in this complex environment and I look forward to working with the team to drive meaningful impact for our clients and stakeholders." Enrique Bouillot Montero, CEO of AManco
